

All-Northwest and WMEA All-State Accessing OpusEvent Auditions

[Accessing Opus](#)

Using Chrome or Firefox (Chrome suggested) as your browser, Go to www.opusevent.com

1. In the lower left corner of the screen, click **Opus Audition**.

2. From the menu of events find and choose the event you are trying to access:
 - **[Year] NAfME All-Northwest Honor Groups from [State]** (Odd-numbered years only)
 - **WMEA [Year] Washington High School All-State** (Even-numbered years only)
 - **WMEA [Year] Junior All-State Grade 7 and 8**
 - **WMEA [Year] Junior All-State Youth Choir**
3. Now you will either “Sign In” or “Create an Account.”

[If you already have an Opus Account, click “Sign In.”](#)

If you encounter login challenges, click “Forgot Your Password?” and follow the prompts to reset your credentials. If you still have login issues, submit the help form within “Contact” top of screen.

Your NAfME **membership must be current**. If you did not link your NAfME membership to your Opus profile, you will need to do that now. After signing in, click User Profile to link your membership.

If you have difficulties **after** you have logged in to Opus, please contact studentevents@wmea.org.

[If you are a new OpusEvent User](#)

Select “Create an Account” (very tiny print beneath “Sign In.”)

Follow the prompts to Create a New User Account. This is a short three step process that includes creating a “User Profile.” **The email address that you choose to use is where all honor group notifications and communications will be sent.** It is very important that your NAfME membership is current, and that you link your NAfME membership within your profile during this process.
